

7100

USB-C Tactical Flashlight

Delivering over 700 lumens of peak light output and 10.75 hours of maximum run time, the Gen 2 7100 Tactical Flashlight combines high performance with a compact, 5-inch design. Updated USB-C charging provides a more convenient way to recharge, while compatibility with a single disposable AA battery provides an alternative power source when recharging isn't available. Selectable High, Medium, Low, and Strobe modes offer flexibility across applications, while full-time battery level indication keeps remaining power visible. Built for dependable performance in the field, the 7100 features an IPX8 submersible rating and removable pocket clip for convenient carry.

- Clip de poche amovible
- Lifetime Guarantee of Excellence
- USB-C rechargeable Lithium-Ion Battery
- IPX8-rated, submersible
- Compatible with a single AA disposable battery for alternate power
- Selectable High, Medium, Low, and Strobe light modes
- Full-time battery level indication
- Programmable/Selectable Modes for various switch sequences: high, med, low, & strobe
- Tactical Rear Switch provides both momentary as well and constant-on illumination
