

## 2310

Get more reach with our Pelican™ 2310 High Performance flashlight. Powered by 2 AA batteries, the 2310 outputs up to 350 lumens and 134 meters of beam distance - you'll see the next work site without straining your eyes. And, with up to 27 hours of run time, the Pelican™ 2310 flashlight has enough power for three work shifts.

Engineered with an aluminum core and ABS overmolded plastic, these flashlights are built for rough handling and can survive hard drops. Plus, the sturdy clip attaches to a work vest for fast access and the tail switch activates raw LED power, even when using heavy-duty work gloves.

- Resistencia Pelican
- 2 pilas alcalinas AA (incluidas)
- Clip integrado
- Interruptor trasero para un uso puntual o continuado
- Hasta 350 lúmenes y 27 horas de autonomía
- 134 metros de alcance del haz
