

## 2315

The hazard horizon is bright. With Class I, II, III - Division 1 and IECEx ia Safety Certification, 115 lumens and 75 meters of spot beam distance, the Pelican™ 2315 flashlight stretches light across dark, hazardous environments without being a source of ignition.

Engineered with an aluminum core and ABS overmolded plastic, these flashlights are built for rough handling and can survive hard drops. Plus, the sturdy clip attaches to a work vest for fast access and the tail switch activates raw LED power, even when using heavy-duty work gloves.

**Pelican™ 2315 - SEE THE LIGHT AT THE END OF THE TUNNEL**

- Resistencia Pelican
- 2 pilas alcalinas AA (incluidas)
- Clip integrado
- Interruptor trasero para un uso puntual o continuado
- Clase I, II, III - División 1 / IECEx ia Certificación de seguridad
- Certificado de protección IPX8 resistente el agua (1 m)
- Soporte para casco (incluido)
