

CARRY

Dayventure

The Dayventure Carry brings modular functionality for days that demand flexibility. Engineered with straps that reconfigure between vertical and horizontal carry, it adapts to whatever you're hauling - standing upright when space is tight, or lying flat for transporting trays, meal kits, or contents you want to keep level. Its mid-size capacity hits the sweet spot for long days out, delivering steady cooling and Pelican-grade durability without adding bulk. Wherever your day goes, Dayventure Carry is ready to haul what you need - your way.

- Lightweight design with padded shoulder straps enables ultimate portability and versatility
- Soft-grip overmolded top handle for quick grab-and-go
- High density closed cell foam for extreme insulation
- Compression molded base and lid for increased structure and durability
- Puncture-resistant material stands up to the hard knocks of outdoor use
- "Light pull" YKK Zipper for the main and side compartment
- Exterior pocket for additional storage and organization
- Limited-Edition Series Celebrating America's 250th Birthday
