Aegis

35L Creator Backpack

The Pelican Aegis 35L Creator Backpack is a protective mobile workstation engineered for creators, filmmakers, photographers, and professionals who demand adaptable organization and travel-ready durability. Built with the Pelican Shield™ Protection System and multiple access points for fast workflow efficiency, it delivers lightweight protection and modular versatility for life on the move.

Designed to support dynamic production environments, the pack features top, side, and rear access to essential equipment, a protected quick-access storage zone for drones or camera bodies, and a removable padded divider insert that transitions seamlessly between backpack carry and Pelican Air or Protector cases.

A deployable rain fly, ergonomic carry system, and customizable ModPak™ compatibility make the 35L Photo Backpack an adaptable solution for travel, field production, and adventure-focused creative work.
